Physics Today...

...and Yesterday

Subscribe Today!

The Physics Today Online Archive – now with access back to Vol. 1, Issue 1

In 2009, subscribers to *Physics Today* will have the option to access the complete backfile of the magazine from 1948 to the most current issue. In addition, all subscribers will receive access to a five-year backfile with their print subscription – at no additional charge. The full 60-year backfile is also included in AIP Select and AIP Complete packages; subscribers to the online versions of these packages may add print for a discounted price.

Add the complete backfile to your subscription and give your patrons access to the most fascinating original articles and seminal, groundbreaking research of the past 60 years.

2009 Rates

Print + Online with 5-year Backfile	\$475
Print + Online with 60-year Backfile	\$695
Online only with 60-year Backfile	\$395
