Visitors to VJOL

Any statistics are difficult to standardise and they often raise more questions than they answer, but the following

information is indicative of usage and may help editors to develop and promote their presence on VJOL.

Google Analytics shows that from November 2007 to 10 January 2008, there have been 2,935 visitors to the VJOL website. The graph below shows visitors from Dec 11 2007 to Jan 10 2008.

Visitors to VJOL came from 82 countries: the top three sources for visitors were: Vietnam (2,185), USA (200) and India (104). The number of visits is greater than the number of visitors because some visit more than once.
